

# WHO ARE WE?

Poised to become one of Caribbean's premier institution for medical education and training, the Caribbean School of Medical Sciences, Jamaica (CSMSJ) is committed to developing a quality workforce of professionals ready to confront and conquer the challenges of 21st-century medicine.

CSMSJ is headed by Dr. Neville Graham, OD, MD, FRCS (Edinburgh), Consultant Surgeon and Dean with Professor Errol Morrison, OJ, MD, PhD as Chairman of Board of Governors.

.....

## INCEPTION

Located in the heart of the business district at 15 Braemar Avenue, Kingston 5, Jamaica, the school was conceptualized by some of the nation's most preeminent medical professionals, who saw the need for an institution which offered first-class training and contributed holistically to the development of excellent practitioners. These stalwarts in the field are committed to sharing their expertise and proficiency with students, who will leave CSMSJ scientifically prepared, clinically competent, technically skilled and with humane approach to the practise of medicine.

## ENDORSEMENTS

CSMSJ is a registered by Jamaica Tertiary Education Commission as a tertiary institution in Jamaica and has applied to CAAM-HP for accreditation.

The MD Program offered by CSMSJ is build on strong and durable foundations on which they can build an excellent career in medicine.

- The four (4) year program is system based, built on theory and practise approach in which the students will be exposed to clinical skills from Day One.
- Highly technical and scientific methodology, yet brings a human face to medicine
- Classes will be small with emphasis on one-to-one interaction, where the success of each student is our main focus

- Our tutors are amongst the best from Jamaica, Cuba, USA and India
- Competent and excellent clinical tutors linked to major institutions in Jamaica and USA

## ENTRY REQUIREMENTS

The program is ideal for students who have passed the Pre Med, MCAT, 1st Degree in Sciences or sit and pass CSMSJ MD Entrance Examination

## MD PROGRAM

The first two years of the program is based on six (6) semester of Basic Sciences.

- Systems based curriculum and exposure to Clinical conditions to support scientific knowledge from Day 1
- Students will be continually examined for competence and whatever extra assistance is required will be given promptly to ensure success

The next six (6) semesters of this four (4) years course will be conducted in CSMSJ approved institutions in Jamaica, USA, Canada and other countries, as the need arises

- Successful students will be awarded CSMSJ MD Degree
- Our MD course is United States License Examination (USMLE) curriculum and all the students will be prepared for Step I, II, and III USMLE exams, making them eligible to practise in USA and other countries that accept USMLE qualification

## LIBRARY FACILITIES

CSMSJ will have library facilities available online (24/7) and on campus 8 am to 9 pm Monday to Friday and 9 am to 4 pm on Saturday
